How to access care around the world

When you are away from home and need immediate care, the Blue Cross Blue Shield Global® Core program is here for you. As an Anthem Blue Cross (Anthem) member, you have access to doctors, hospitals, and medical services in most countries around the world.¹ You also have the freedom to use any doctor or hospital when you travel, but you can keep your healthcare costs down by using a doctor or hospital in the Blue Cross Blue Shield Global Core network.
